### EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with C. Hayden on 6/12/06.

The application has been amended as follows:

Please delete claims 29-33.

On page 1 of the specification, before "FIELD OF THE INVENTION" please insert the following --This application is a continuation in part of United States Application 10/007,134 filed December 4, 2001, <sup>pending</sup> ~~which is hereby incorporated by reference~~

2. The following is an examiner's statement of reasons for allowance:
3. Claims 1-14, and 16-28 are allowed.
4. Claims 17-25, and 28 are allowed for those reasons set forth in the non-final rejection dated 8/30/05. Claims 1-14, and 16 are allowed based on the applicant's amendments and arguments dated 1/30/06. The examiner agrees that the prior art fails to teach these amendments. Specifically the requirement for the ammonium salts is not taught nor would it have been obvious to include these specific compounds.
